

Peaceful Acres Horses, Inc. Program Partner Appreciation Day

You're Invited ... Agencies who work with youth, families and adults with emotional and psychological fragility, grief and loss. We encourage the local Department of Social Services and Organizations who serve youth and families to encourage staff to come to Peaceful Acres Horses, Inc. to meet the horses and staff and learn about how equine guided healing can be introduced into a treatment plan for improved results.

Peaceful Acres Horses, Inc., 3740 Rynex Corners Road, Pattersonville, NY 12137 (518) 887-3178

Join Us!

Join us for this wonderful event! At Peaceful Acres Horses, Inc. we know that introducing equine guided learning and healing into a person's treatment plan can enhance communication, self-esteem, behavioral controls and self-reliance. These skills are needed by all individuals to have a safe and satisfying life. Many youth and adults we meet have not developed these skills - or suffer from emotional and psychological fragility due to grief, loss or trauma. The horses at Peaceful Acres Horses, Inc. and our staff help foster an environment that assists our participants to find their strengths and surpass grief/loss through experiential learning activities partnered with horses... we call that "equine guided learning". Join us for a few activities and to learn more about Equine Guided Learning Programs at Peaceful Acres Horses, Inc.
